

Duette® Architella® honeycomb shades

The Duette® Architella® Honeycomb Shade Collection provides a high level of energy efficiency with its innovative honeycomb-within-a-honeycomb design, reducing energy loss up to 40% at the window. The newest revolution in window fashions, Duette Architella Trielle™, delivers 20% more energy efficiency than original Architella shades.

Disclaimer: While we strive to ensure the visual details displayed on our product imagery and in our room scenes are accurate, they are representative of general product categories only and are not intended to be exact.

Due to the nature of printers, scanners, computer monitors and Internet browsers, there will be variations in color, texture, detail, contrast and brightness. There may be further noticeable differences between the products displayed on this site and those seen and purchased from an authorized Hunter Douglas dealer, including but not limited to headrail types; vane, slat or cell sizes; and operating systems.

For an accurate representation of fabric and color, we suggest you visit your local authorized Hunter Douglas dealer, where you can see, feel and experience the quality of our products, fabrics and colors firsthand.

The Hunter Douglas window fashions shown in our room scenes represent common vane, slat and cell sizes. Note not all fabrics, materials and colors for a particular product are available in all sizes. Please reference specific swatch details for more information.

Limitations and restrictions may apply. Please visit your local dealer for more details.
